Welcome to a home designed not just for living but for creating memories. From the moment you step inside, you'll feel the warmth and ease of a space thoughtfully crafted for real life. The heart of the home is an open, sunlit great room where everyday moments become meaningful. The kitchen, with seating for three at the island, invites slow mornings with coffee and conversation. Flowing effortlessly into the dining and living areas, it's perfect for hosting holidays, game nights, or quiet evenings in. Tucked just off the kitchen is your private retreat - the primary suite. Start and end your day in a serene space featuring dual vanities, a luxurious tile shower, and a walk-in closet that dreams are made of. Toward the front of the home, three additional bedrooms provide flexible space for family, guests, or even a cozy home office. One of these rooms is ideal for a study, ready to adapt as your life does. The laundry room offers more than just utility - it includes space for a freezer or second fridge, making routines feel a little easier. A welcoming porch, a rear patio for evening chats or grilling, and a spacious two-car garage this well-founded, hearty warming plan. It's not just a house - it's a place to grow, to gather, and to call home.
